Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Upon review of the Examiner's statement of reasons for allowance, it appears that the Examiners' statement does not describe claim 4 properly. Claim 4 recites a lubricant composition comprising at least one compound represented by formula (3). Although the formula can include N-substituted triazine compounds, it is not limited to N-substituted compounds, as is evident from the definitions of the "X" groups. It is noted that formula (3) is also recited in independent claims 7-9.

Should the Examiner wish to discuss any aspect of the present application, he is invited to contact the undersigned attorney at the number provided below.

Respectfully submitted,  
BUCHANAN INGERSOLL & ROONEY PC
